

Heading: Sprint 2 Plan, CruzAlert (Slug Emergency Alert Management System, SEAMS, SlugSafe), End date: 4/15/18, revision number: 1, revision date: 4/10/18.

Goal: By the end of Sprint 2, users should be able to login with their ucsc google accounts and have a basic routing with navigation.

User Stories:

- As a user I want to navigate to the different pages with a sidebar (8)
 - {SPIKE} Research react-navigation (3 hours)
 - Add a blank screen for seeing reports (1 hour)
 - Create navigation UI (2 hours)
 - Integrate react-navigation with sidebar (4 hours)
 - Add logout functionality, on any page (1 hour)
- As a user I want to sign in with my ucsc google email (13)
 - Connect react-native to android (5 hours)
 - Implement sign in ability (3 hours)
 - Only allow ucsc students to sign in (2 hours)
 - Adjust sign in interface (2 hours)
 - Conditional authentication (if already logged in from before) (2 hours)

Total hours: 25
